

Dear Camp Parent:

Your student will be participating in our beekeeping program as part of our Learning 4 Life Farm camp. The bees are docile and rarely sting, and we will provide protective clothing. Master Beekeeper Bob Hooker will be working the hive and the kids will be observing.

Please send a long-sleeved shirt and a pair of long pants with your child for them to put on as protection during our beekeeping. Please avoid black as this attracts bees.

Students who are nervous will be permitted to stay back from the hive and observe at a distance. We will go over bee safety and first aid procedures with them.

Please **sign and return the attached permission slip by Wednesday** of this week, so that your student can participate in beekeeping.
